

HKT Enterprise Cloud

BOOST YOUR BUSINESS AGILITY

A Versatile Carrier-grade Public Cloud Platform From HKT

HKT Enterprise Cloud supports your business in a dynamic business environment to maximize your business IT efficiency, reliability and availability, while getting you to market faster. OPEX-based payment-by-subscription model helps you better manage your business resources.

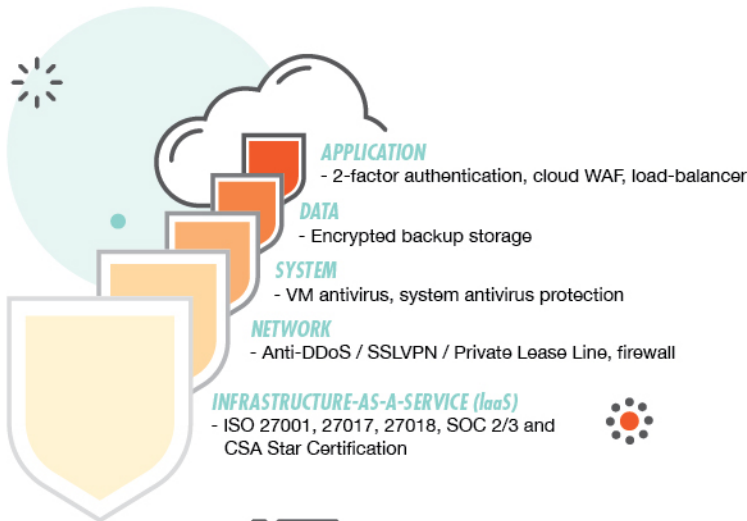

SECURE

5-LAYER SECURITY

Your information on HKT Enterprise Cloud is securely protected with a 5-layer security protection to give you complete peace of mind and minimize any possibility of financial or reputational loss.

SUPERIOR CONNECTIONS

Access the cloud anywhere anytime with public internet, dedicated internet, mobile or private CE 2.0 network, stable, high-bandwidth and low-latency. Our platform is located in multiple data centers across Hong Kong for 99.99% uptime. Migrate with minimal impact to your existing infrastructure.

WORLDCLASS

WORLD CLASS SERVICES

HKT offers certified local 24x7 support from an Integrated Security Operation Center (iSOC). HKT is the first Hong Kong based Public Cloud Service Provider to be awarded ALL 3 cloud related ISO 27001 certificates: ISO 27001, 27017, 27018, SOC 2/3 and CSA Star Certification.

Our specialist teams with extensive experience across different industries and different sizes of company, provide a broad understanding of compliance and other requirements.

AWARD-WINNING SERVICES

HKT has received numerous accolades for service excellence and innovative products. We have received Best Infrastructure-as-a-Service honors for four consecutive years (2015 to 2018) from Computerworld Hong Kong Awards. And Best Hybrid Cloud Service honors for two consecutive years (2016 to 2017) in the Cloud Excellence Awards.

CONNECTED

YOUR TRUSTED CLOUD PARTNER

We assist you at every stage of your cloud journey with continuous support throughout your planning, implementation and optimization.
